1. Celebration of Ambedkar Jayanti

On 12th, 13th and 14th of April, 2022 movies relating caste and inequality were screened and a talk was organized on Ambedkar and his ideas on caste and Justice. Different faculty members from our college were invited to speak on the above topic. Later interaction round was held between the teachers and the students regarding the impact of caste in our contemporary society and on higher education.

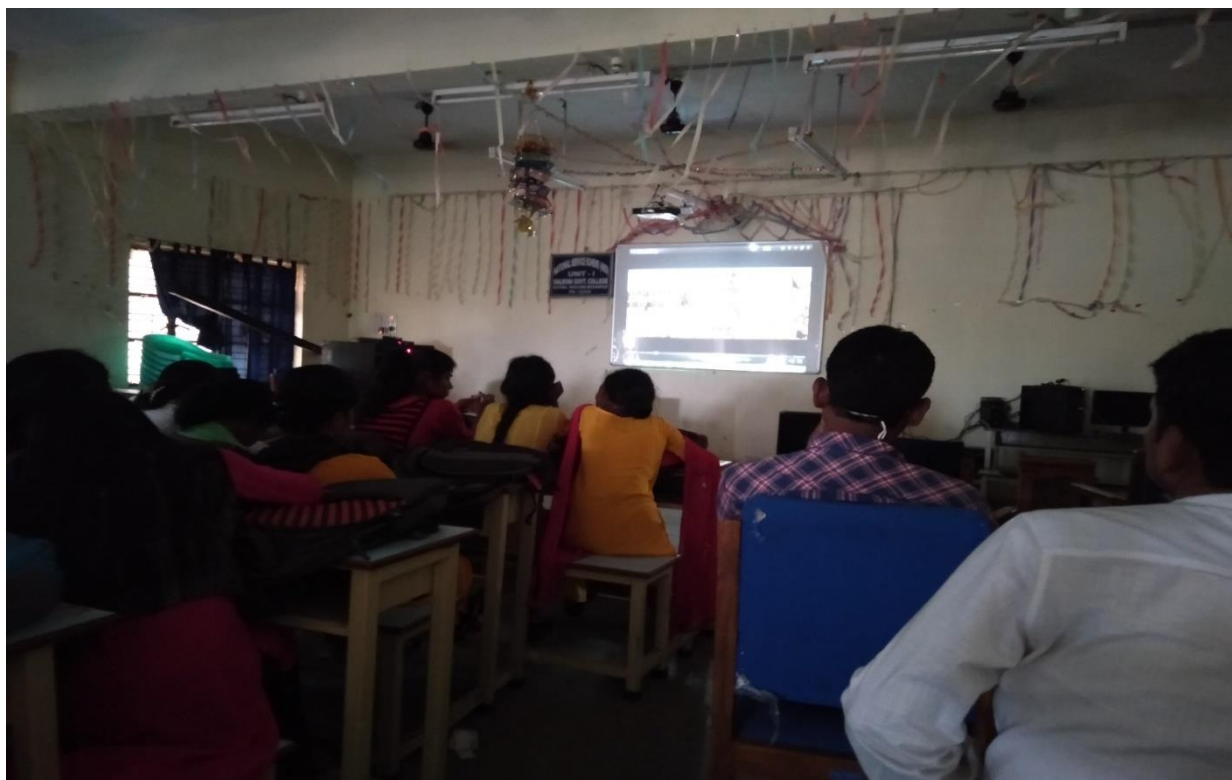

(The Officer-in-charge of our college speaking on Ambedkar Jayanti)

(Prof. Piyali Chanda, Assistant Professor of Sociology speaking on impact of caste in contemporary times)

2. Movie screening on caste

Two popular Bollywood movies were screened at seminar room on caste and its nature in India. Students viewed the movies with great interest along with some faculty members. The movies were based on caste atrocities in India,

4. Campus cleaning program

The NSS volunteers cleaned the entire campus after reopening of the campus specially after the lock down period and also before the annual sports day program. Many volunteers cleaned the entire campus and the college ground under the supervision of the faculty members and NSS program Officer.

5. *Plantation program*

On the occasion of foundation day of our college on 14th July, 2022, different trees were planted by the help of Faculty members of our college and NSS Volunteers. More 100 seedlings have been requested to Department of Forest for planting of the seeds in our college campus.

(Tree plantation program at college campus by faculty members and NSS volunteers)

6. Tobacco free campus awareness program

A program was organized by West Bengal Health and Family Welfare Department jointly with NSS on 9TH and 10th of March 2022. An awareness program was organized regarding the tobacco consumption and its effects on health. Quiz competition, poster making competition and essay recitation competition was held. Around 20 participants participated on poster making competition and 8 participants participated on essay recitation competition. On the next day, different speakers from health department spoke on ill effects of tobacco consumption and open quiz was organized and awarded prizes for the same. Many students actively participated in this program.
